FACIAL™

DEEP HYDRATION SHEET MASK

FREQUENTLY ASKED QUESTIONS

What is Facial?

Facial is a cream-infused sheet mask designed to soothe your skin and soften the look of fine lines and wrinkles in just 45 minutes. It also continuously hydrates for a more radiant complexion and a younger-looking, more beautiful you! You'll experience best results with a clean face, so be sure to wash with Cleanser before applying.

How long should I leave Facial on?

Just 45 minutes! That's all the time Facial needs to have your skin feeling softer and smoother and looking years younger! For best results, use Facial two times per week.

Does Facial contain the same ingredients used in the Ultimate Body Applicator™?

No, Facial does not contain the same ingredients as the Ultimate Body Applicator. It is specifically designed for the face with its own set of soothing botanicals, including aloe, lavender, and green tea leaf extract.

Can Facial be used at the same time I use the Ultimate Body Applicator?

Yes, since the formulas are different, you can use Facial at the very same time you are using the Ultimate Body Applicator for complete body revitalization!

Will Facial help acne?

No, it is not specifically formulated to treat acne.

How should I store my Facial?

We recommend that you store each Facial pouch horizontally in a cool, dry place.

Is Facial safe for me to use if I am pregnant, nursing or have an ongoing medical condition?

Before using any new product, whether a cosmetic, topical cream or treatment, or any other item, you should always consult your physician to find out if it is safe for you.

Is there an expiration date on Facial?

Facial has a 48-month shelf life within its individual sealed pouches. Once the sealed pouch of an individual Facial sheet mask is opened, it must be used immediately. This ensures maximum effectiveness of the botanical extracts in the formula and that the cloth wrap is moist and saturated when you apply it.

I have sensitive skin. Is it still safe for me to use this product?

We recommend always patch testing an area of your inner arm first prior to applying topically. If you are concerned about any allergy issues, consult your physician before using any skin care products.

Can my children use this product?

Facial is recommended only for adults 18 years old or older.
