### FREQUENTLY ASKED QUESTIONS

#### What is Ultimate ThermoFit?

Ultimate ThermoFit fires up your metabolism by increasing lipolysis—the process by which your body signals stubborn fat cells to liberate their fat stores to fuel thermogenesis.† With thermogenesis, your metabolic rate increases to burn the excess calories stored in fat and quickly releases it from the body as heat.

#### What are the benefits of Ultimate ThermoFit?

Capsimax® is the active ingredient in Ultimate ThermoFit that naturally increases thermogenesis. Derived from the hot pepper plant, Capsimax not only boosts your metabolic rate and increases your energy levels but also curbs your appetite so you eat less and have fewer cravings.† Ultimate ThermoFit is also fueled by acai berry, an antioxidant-rich “superfood.” Studies show that a diet rich in antioxidants may slow the aging process by neutralizing free radicals.

#### What is the recommended dosage?

Adults take one (1) tablet two to three times daily with meals.

#### Is Ultimate ThermoFit safe for me to use if I am pregnant, nursing or have an ongoing medical condition?

Before using any new product, whether a nutritional supplement, topical cream or treatment, or any other item, you should always consult your physician to find out if it is safe for you.

#### Can my children use this product?

All It Works! products are recommended only for adults 18 years old or older.
