THERMOFIGHT XTM NEXT GEN FAT BURN†

FREQUENTLY ASKED QUESTIONS

What is ThermoFight X?

ThermoFight X is a thermogenic, ketogenic, metabolic supplement that comes in a convenient, twice-a-day caplet form. It contains scientifically-proven ingredients to assist with thermogenic weight loss, as it targets stored calories in the form of fat.† ThermoFight X is ideal for weight management - helping your body fire up metabolism, accelerate ketone production, and burn more fat!†

Why should I take ThermoFight X?

By taking just two caplets each day, ThermoFight X provides a simple and convenient way to help you lose weight through fat-burning thermogenesis!† This premium formula includes powerful green tea extracts – including Greenselect® Phytosome - with clinically-proven weight loss results that average 31 pounds over 90 days!*†

Why is ThermoFight X noted as a next-generation fat burner?

ThermoFight X achieves more than just boosting metabolism, that's why! This product boasts cutting-edge ingredients with proven fat burning results - such as nearly **2.5X more weight loss** with Greenselect® Phytosome when combined with a reduced-calorie diet, compared to diet alone.*† Additionally, ThermoFight X helps your body produce ketones more rapidly so you can achieve ketosis faster.† Getting to ketosis means you're burning even more fat to fuel your body and mind! As a bonus, ThermoFight X also may help to balance your blood sugar and reduce sugar cravings.† Now that's a next gen product!

What are the exciting active ingredients in ThermoFight X?

ThermoFight X contains many cutting-edge ingredients to support thermogenesis and more:

- Green Tea, including Greenselect® Phytosome A thermogenic catalyst that burns stored fat[†]
- Green Coffee Bean An antioxidant superfood with chlorogenic acid to help reach ketosis[†]
- Caffeine An energy driver that helps release fatty acids and boosts metabolic rate[†]
- Chromium A blood glucose balancer to help keep sugar cravings under control[†]

What is thermogenesis?

Thermogenesis is the natural metabolic process your body uses to burn stored calories, a.k.a. fat! Specialized fat cells convert the stored fat around the body and release it as heat. Powering up your thermogenic rate can boost your fat metabolism (or calorie burn) and aid in weight loss - this helps to burn more stored energy from the fat cells in your body!

Can I use ThermoFight X if I am on a ketogenic diet?

Yes! ThermoFight X is not only keto-friendly, it actually stops your liver from releasing all its stored glucose and therefore forces your body to shift from fat metabolism to ketone production more rapidly.† This means that with ThermoFight X, you can reach ketosis much faster!†

How many ThermoFight X caplets should I take each day?

It is recommended that you take one caplet in the morning and a second caplet in the afternoon each day, with food. Since ThermoFight X can also energize your body, we do not recommend taking your second caplet within four hours of your bedtime.

How many ThermoFight X caplets come in a bottle?

Our new formula contains even more - each bottle contains a full month's supply of 60 caplets!

Is ThermoFight X vegan?

Yes, ThermoFight X is vegan. It's also soy-free and non-GMO.

Can I use ThermoFight X if I am pregnant, nursing, or have ongoing medical conditions?

Before using any new product, we suggest that you consult your physician to find out if it is right for you.

Can I give ThermoFight X to my children?

ThermoFight X is recommended only for adults, ages 18 years and older.
