NEW YOU™

BODY REVITALIZING FORMULA

FREQUENTLY ASKED QUESTIONS

What is New You?

New You is a one-of-a-kind longevity formula designed to naturally stimulate and support the production and release of your body's own HGH allowing you to more easily build lean muscle and turn back the hands of time from the inside out!†

New You also includes natural polyphenols that help improve blood supply to the muscles and help to reduce the harmful effects of free radicals.†

What are the benefits of taking New You?

Your body's production of HGH declines as you age. By using New You to stimulate your body's ability to naturally produce and release its own HGH you'll see improved sleep and memory, better post-workout recovery, enhanced exercise endurance, and increased lean muscle mass.†

Is there a certain age to start taking New You?

Because the body's production of HGH begins to decline after the age of 30, most people will want to begin taking it at that age.

How often should I take New You and when?

New You is designed to be taken twice daily. Take one tablet in the morning and two tablets at night.

Is New You safe for me to use if I am pregnant, nursing or have an ongoing medical condition?

Before using any new product, whether a nutritional supplement, topical cream or treatment, or any other item, you should always consult your physician to find out if it is safe for you.

Can I give New You to my children?

All It Works! products are recommended only for adults 18 years old or older.
