Active Ingredients:

- **MCTs** – Medium Chain Triglycerides are clean fats that are quickly absorbed by the body and metabolized into ketones†
- **Grass-Fed Butter** – A source of unique, fatty acids that help convert fat into fuel while filling you up and adding a delicious, buttery flavor to each cup†
- **Green Coffee Bean** – This powerful ingredient provides ketone-boosting caffeine to energize both the body and mind†
- **Collagen Peptides** – A protein that, when converted to amino acids, helps build and restore vital protein and lean muscle in the body†

What are ketones and what do they do?

The keto lifestyle relies on ketones, a high-energy fuel source and natural derivative of fat metabolism. When your body doesn't get enough carbs from food to make energy, your liver starts breaking down fat stored on your body instead. That's when ketones are made-to help power up your mind and body. Supporting your body with clean, quality fats-like those in It Works! Keto Coffee-allows it to create more ketones to support your low-carb, ketogenic life.†
