IT WORKS! IMMUNITY™

DEFEND DAILY

FREQUENTLY ASKED QUESTIONS

When and how should I take It Works! Immunity?

You need to support your immune health every day because your body is regularly bombarded with outside threats. It Works! Immunity comes in effervescent tablets that activate their power as they fizz and bubble when mixed with liquid. Simply drop a tablet into 8 oz of hot or cold water, let it effervesce, and drink. The effervescent drink provides an ideal way for the body to take in powerful nutrients, allowing them to go straight to your gut.

Why do I need a healthy, responsive immune system?

If you've ever said, "I can't afford to get sick right now," then you understand why you require a responsive immune system. Immune health stimulates daily momentum, and you don't want to be (and can't afford to be) unable to participate in everyday activities. Everywhere you go and everything you do can expose you to potential health threats, so it's important to keep your immune system on alert.

What are some of the key, active ingredients in It Works! Immunity?

It Works! Immunity is high in vitamins and offers nutritious superfoods like:

- **Vitamins A and C** — support the optimization of your immune system to function in full defense mode†
- **Vitamin B12** — helps your body respond quicker to threats†
- **MaitakeGold 404® Mushroom**—helps provide you with a healthier way to respond to stress and support your overall immune defense†
- **Elderberry** — helps support and maintain healthy cells with its powerful antioxidants†

What are adaptogens and why are they included in It Works! Immunity?

Adaptogens are herbs and roots that have been used for centuries in herbal medicines around the world. They're known for balancing stress response, and It Works! Immunity uses several in its proprietary blend—Ashwagandha Root, American Ginseng, and MaitakeGold 404®—to help provide you with a healthier way to respond to stress and support your overall immune defense.†

Does It Works! Immunity contain gluten?

It Works! Immunity is formulated with only gluten-free ingredients. It is not currently tested for gluten that may or may not be introduced during the manufacturing process.

Can I give It Works! Immunity to my children?

It Works! Immunity is recommended only for adults 18 years and older.

Can I use It Works! Immunity if I am pregnant, nursing or have a medical condition?

Before using any new product, we suggest that you consult your physician to find out if it is right for you.
