DEFINING GEL

BODY GEL

FREQUENTLY ASKED QUESTIONS

What is Defining Gel?

Defining Gel is an intensive body gel that hydrates the skin and firms areas such as the abdomen, back, legs, and upper arms.

What are the benefits of using Defining Gel?

Defining Gel works with the Ultimate Body Applicator to maintain, enhance, and maximise your results. Like the Ultimate Body Applicator, Defining Gel improves skin texture and tightness, reducing the appearance of skin slackening. It hydrates, softens, tones, and firms the skin for an all-over smoothness that gives you more youthful looking skin.

How often can I use Defining Gel?

Apply once or twice daily to targeted areas with circular massage until gel is completely absorbed. Extra massaging will assist the toning effect of the Defining Gel and appearance of smooth skin. Your skin will be deeply hydrated, feel softer, and appear tightened, toned, and firmed! Results are progressive with continued use. It Works! can make no specific guarantees or warranty of performance.

Do I use Defining Gel at the same time as I use an Ultimate Body Applicator?

Defining Gel is designed to enhance the tightening, toning, and firming results of the Ultimate Body Applicator. Do not apply Defining Gel before using the Ultimate Body Applicator, as the Ultimate Body Applicator works best on clean, dry skin. For maximum results, use Defining Gel twice a day on the days between your Ultimate Body Applicator treatments.

Does Defining Gel contain the same ingredients as the Ultimate Body Applicator?

Defining Gel contains a small amount of the properties found in the Applicators but also contains

ingredients that can help to hydrate and firm all areas of your body. Like the Ultimate Body Applicator, Defining Gel is not intended for use on the face.

Can it be used alone or does it have to be used in conjunction with the Ultimate Body Applicator?

Defining Gel can be incorporated into your daily beauty regimen whether you use the Ultimate Body Applicator or not. However, your body will experience maximum results when you team up these two life-changing products.

Can I use Defining Gel on my face?

No, Defining Gel is formulated to tighten, tone, and firm the skin on the body only. The skin on the face requires more delicate treatment for long-term results. Instead, use Facial, a comprehensive botanical formula that gently delivers dramatic results to the skin on the face. Facial deeply hydrates and nourishes the skin to minimise the appearance of wrinkles and fine lines.

Can my children use this product?

All It Works! products are recommended only for adults 18 years old or older.

Is Defining Gel safe for me to use if I am pregnant, nursing or have an ongoing medical condition?

Before using any new product, whether a nutritional supplement, topical cream or treatment, or any other item, you should always consult your physician to find out if it is safe for you.

I have sensitive skin. Is it still safe for me to try this product?

We recommend always patch testing an area of your inner arm first prior to applying topically. If you are concerned about any allergy issues, consult your physician before using any skin care products.
