

ILLUMINATING FACIAL PADS

60 Pads

Let's face it—no one wants a lacklustre complexion, and Illuminating Facial Pads are a gentle, effective solution for brighter skin. These ready-to-go exfoliation pads use both Alpha and Beta Hydroxy Acids to remove dead skin cells and reveal a healthier, more youthful-looking complexion. Formulated exclusively with Dr. Nassif of *Botched*, these hydrating facial pads do more than face value—they let your natural beauty shine through.

Features and Benefits:

- Uses naturally derived AHAs and BHAs to exfoliate and reduce the appearance of pores
- Removes dead skin cells to help you achieve a brighter, fresher look and even skin tone
- Hydrates with humectants that naturally attract moisture to soften and refresh your skin
- Easily wipes away oil, dirt, makeup, and dead skin that soap and water leave behind
- Assists the natural renewal processes of your skin

Caution: Keep out of reach of children. do not use on dry, damaged, or broken skin. Protect from heat, light, and moisture.

ILLUMINATING FACIAL PADS

FREQUENTLY ASKED QUESTIONS

How and when should I use Illuminating Facial Pads?

Illuminating Facial Pads contain highly effective exfoliants yet they're gentle enough to use every day. After cleansing and before applying any other products, gently wipe your face and neck with an Illuminating Facial Pad, avoiding the sensitive area near your eyes. You might feel a tingling sensation as the formula exfoliates away any remaining oil, makeup, dirt, and dead skin cells. Don't rinse it off—once it's dry, you can apply additional It Works! moisturising products as part of your healthy skincare routine.

If you have oily skin, you can use Illuminating Facial Pads up to twice a day. For dry and sensitive skin, start by using three times per week and work up to daily use. Discontinue use if redness or irritation occurs.

Why should I use Illuminating Facial Pads?

Exfoliation is a key part of a healthy skincare routine that makes a visible difference to your skin's appearance. As skin cells replenish, dead cells can cling to your skin's outer layer, forming a barrier that results in a dull, uneven complexion. By using Illuminating Facial Pads, you can revive lacklustre skin so it looks fresher, younger, and healthier. Designed with premium exfoliants, these pads break down dead skin cells gently, revealing the soft, smooth, glowing skin beneath. It also primes your face for smoother makeup application and minimises the appearance of pores.

PRO TIP:

Illuminate more than just your face! Elbows, feet, and even knees are often problem areas for chalky, dead skin. Try using an Illuminating Facial Pad on these parts of your body, too, and see how a simple acid exfoliation can refresh the look and feel of rough skin—anywhere.

What are some of the key, active ingredients in Illuminating Facial Pads?

- **Alpha and Beta Hydroxy Acids (AHA & BHA)** – Beauty-boosting exfoliant acids that break down dead skin cells to reveal healthy, glowing, younger skin
- **Azelaic Acid Complex** – An advanced skin brightener that illuminates your complexion while delivering an even, balanced skin tone
- **Caviar Lime** – A gentle, skin-smoothing exfoliant that's rich in AHAs and helps reveal soft, fresh skin
- **Willow Bark** – A natural source of BHAs that helps remove complexion-dulling dead skin

How is Dr. Nassif involved in developing this product?

Illuminating Facial Pads are designed exclusively for It Works! in collaboration with Paul Nassif, M.D., the world-famous Beverly Hills skincare expert, plastic surgeon, and television personality from *Botched*.

Are Illuminating Facial Pads a facial cleanser?

While the exfoliating power of Illuminating Facial Pads wipes away any remaining dirt, oil, and makeup, we recommend washing and drying your face first.

Can children or teens use Illuminating Facial Pads?

Illuminating Facial Pads are recommended only for adults ages 18 years and older.
